Work Experience_____

1. AppyCrown Private Limited   *March 2022 – Present*

                                                  Motihari, Bihar, India

Salesforce Developer
- Developed Files Downloader Application Project (Hosted on Salesforce App Exchange). Here I have implemented multiple functionalities of this app including Multiselect Filter, Lightning Combo box with dynamic value, and Lightning Data Table with Searching, Sorting, and filtering options, and also implemented multiple record download features.
- worked on an app where I have worked on multiple things, Like Converting Salesforce classic Documents into Lightning files.
- worked on Apex Controller (With SOQL) with LWC Framework.
- working with Lightning Web Component.
- Using Apex with SOQL and SOSL on Server-side Controller.
- Used Html, CSS, and JavaScript for client Side with Lightning Web Component Framework.

---
